The three Grayling young men - Bob Hanson, Eddie Chalker and Walter Smith - who just returned home from Cincinnati where they had work-outs with the Cincinnati Reds, report a great time. The fellows are bursting with enthusiasm and can't say too much for the way they were treated by the players, especially Hazen "Kiki" Cuyler, center fielder for the Reds, and Lou Riggs, third baseman. Arrangements had been made thru Mr. Cuyler for the boys to get the privilege of workouts with their team by Willard Cornell,

local high school athletic director. All three of the boys had workouts with the Reds prior to three different games. Chalker worked at second base, Hanson at short and Smith in center field.

The Bible Speaks

From Calvary Baptist Church

GOD IS OUR LORD

Romans 14:5-9

Christian belief in the Bible is the basis for unity and fellowship. In nonessentials where the Bible is not clear, Christian liberty is essential. We must love and fellowship with individual Christians on the basis of their reception into God's family and their position as servants of God.

1. Assurance and peace of Mind is important in nonessentials. "One man esteemeth one day above another: another esteemeth every day alike. Let everyman be fully persuaded in his own mind." Romans 14:5. While some of the Jews who accepted Christ still observed some of the Old Testament days of worship, many of the gentiles ignored the special Jewish days. To place one day above another for religious purposes is a personal decision. Christians no longer meet on the Sabbath or Saturday for worship as the Old Testament saints. We meet on Sunday because Jesus Christ arose on Sunday and the early Church began to meet on the first day of the week.

2. Adoration and worship of God is important in nonessentials. "He that regardeth the day, regardeth it unto the Lord; and he that regardeth not the day, to the Lord he doth not regard it. He that eateth, eateth to the Lord, for he giveth God thanks; and he that eateth not, to the Lord he eateth not, & giveth God thanks." It is not the selection of the day which is important, but how we observe the day. The big question is not which days

are special unto us, but rather, is God special to us on all days? The big question is not what you do or do not eat on certain days, but do you thank God for what you do or do not eat?

3. Submission to the Lord is important in nonessentials. "For none of us liveth to himself, and no man dieth to himself." Self will is the opposite of submission to God's Will. "For whether we live, we live unto the Lord; and whether we die, we die unto the Lord: whether we live therefore, or die, we are the Lord's." Submission requires that we know, "we are the Lord's." Everything in life and death should deal with our submission to His Lordship of our lives.

4. The death, burial and resurrection of Jesus Christ is important in nonessentials. "For to this end Christ both died, and rose, and revived, that he might be Lord both of the dead and living." Romans 14:9. We have often heard about the death, burial and resurrection of Jesus Christ for our salvation, but seldom is it stressed concerning our sanctification in our daily lives. Jesus Christ died for our sins to enable us to follow Him in victory over the practice of sin. Jesus Christ rose from the grave to give us eternal life to follow Him in the practice of righteousness now in this present life. The lordship of Jesus Christ is not just for the dead, it is for the living. When Jesus Christ is followed as Lord, we need not be disturbed over nonessentials in our Christian life. (adv.)

Church of Christ Building New Church

Grayling Church of Christ has begun construction on a new Church building located on Old U.S. 27, 1 1/2 miles south of 4 Mile Road. It is hoped the new building will be completed by Labor Day. The Church began in Grayling 5 1/2 years ago, meeting in the home of one of the members. It began holding service 3 1/2 years ago at its present location, 3 1/2 miles South of 4 Mile Rd. On Old U.S. 27. This building was also donated by one of the members.

The church is active in the community doing benevolent work here and in Roscommon. One of the Children's Sunday School classes has adopted the Grandparents at Madsen's Foster Care Home. There are many people enrolled in a Bible Correspondence Course which the church offers. The Ladies class makes favors for the people in the long term unit of the hospital. The members sponsor missionary work in Ethiopia and Giana, and also a child in Nairobi, Kenya.

The new church is being built primarily by the church members in this area with some help from members down state. There are 36 members in the congregation now with new members being added regularly. The Preacher is Gordon French who has been a minister for over 40 years.

The church maintains a regular schedule of services, both Sunday and midweek, and the public is welcome anytime.

McPherson Honored By Legion Aux.

The American Legion Auxiliary 106 has chosen Edgar McPherson as their veteran to be remembered.

Ed was born in Hazel Park in 1925 before moving to Big Beaver, Mich., and graduating from high school there. He entered the service in December, 1943, and served in the Navy in the Asiatic-Pacific area and received an honorable discharge as Aviation Radioman in January, 1946.

The McPhersons moved to Grayling in 1972 and Ed did maintenance work at the senior citizen center.

The Auxiliary is pleased to honor Ed and we wish him success in his recovery from a stroke suffered in 1981.

The 50th Wedding Anniversary of Mr. and Mrs. Ernest L. Larson, held at the Michelson Memorial United Methodist Church May 17th, 1983 was well attended with approximately 150 persons present. Out of town people attending were: Mr. and Mrs. Nelson Vollmer, Dearborn; Mrs. Wm. Vollmer and family from Dearborn; Mr. and Mrs. Lee Longstreet, Adrian; Mr. and Mrs. Robert Kane, Stanton; Mr. and Mrs. Charles Corwin (Jr.), Saginaw; Mr. and Mrs. Tom Corwin and family of Traverse City; Mr. and Mrs. Vern Essenburg and family of Grandville; Mr. and Mrs. Charles Wyle, East Lansing; Mr. and Mrs. Russel Robertson, Marquette, (by the way Russel was the best man fifty years ago); Clarence Larson, Lewiston; Ikuyo Inoue, Japan; Jean Trautman, Mancelona; Mary Lou Feigenhauer, St. Johns; Evelyn Allen, Frederic.

Gladys and Wm. Tufts took charge of the Guest Book; Katy Funck attended the punch bowl; Bea Berry assisted in serving the most wonderful delicious lunch also Bev Lowrie for cutting the Anniversary Cake.

Although it was requested no gifts to be presented many were received and our appreciation goes out for these and all of the most beautiful cards received.

And last but not least our heartfelt appreciation to our Sons; Daughter; their wives and Husband and all our grandchildren for their many tireless hours they must have put in making the Church Dining Room so beautiful and making this memorable and most enjoyable occasion the huge success that it was.

We feel the Lord was present in his house, this day, with all those present, making this evening a happy one for us and all concerned. It will be remembered, God willing, for many years to come.

P.S. By the way Elias Big Boy made his appearance for a short stay and got in on the picture taking with the Bride and Groom and enjoyed the festivities.

Alumni News

We had 27 for luncheon at the Hotel on the 19th. As usual, the food and the service was good. So was our guest speaker, Kent Reynolds. He showed us the plan for the new Middle School, explaining the background of our need for same. There were some questions thrown at him and he gave us the answers. It was an hour well-spent. We all look forward to Homecoming on September 10th. It is great to be a G.H.S. Alumnus...an honor that comes only with a diploma. We commend the Administration for instigating the Community School Report. We can be proud of our system...and our students. Clara Sorenson

The New Dream

By Rev. Thomas A. Bruno
 Minister of
 The Congregational Church
 Roscommon

"No man is an island, entire of itself. Every man is a piece of the continent, a part of the main...Any man's death diminishes me, because I am involved in mankind; and therefore never send to know for whom the bell tolls; it tolls for thee."

Those timeless words were from the pen of the great English preacher, John Donne. He captured a timeless truth.

Too often in our society the comment is heard, "It's my life and I can do as I please." That is what an expectant mother said who was hooked on drugs. However, the possibility that her baby is an addict is very high. That comment was also made by the father as he reached for his fourth scotch and water at a local tavern. After he finished tanking up, he also hit and killed a young couple.

We are still paying for the sins of leaders who said, "No one can dictate my actions." Thus we have had our Water-gates down to the newest scandal.

When God created man, he created a creature to live in harmony and in relationship with others. Man enhances his humanity not by living as an island, but by realizing that there is no isolation, and by knowing that every man is a brother and every woman a sister. We are a common humanity and we are joined together by a common thread.

What we need today is a responsibility toward each other which pushes us to be accountable for our actions, a responsibility to help better the lot of those oppressed, of those suffering, of those who are hungry.

Since the world has become so small, and we can no longer live in isolation in such a crowded society - the truth is more obvious that NO MAN IS AN ISLAND.

The Apostle Paul said, "None of us lives to himself, and no man dies to himself..." The truth is eternal; why not live by it!

KCC Honored at National Small Bus. Conference

Kirtland Community College was honored for the second year as a "Best Practices" institution at the Region V conference of the American Association of Community and Junior College's Small Business Training Network meeting held recently in Chicago.

Kirtland's rural small business training and technical assistance model was endorsed by the Federal Small Business Administration as a viable alternative to an existing centralized system.

The college has forged linkages with the Job Training Partnership - Private Industry Councils, state Universities, and other community based organizations.

President Raymond Homer stated that, "The college has continued to develop training programs for the small business community since 1976, and is looking forward to expanding its role in conjunction with other agencies to assure small businesses are given additional access to technical and managerial resources."

Silently it crept across the field and along the forest edge. Growing and growing until it filled the voids left by winter frost. The mist of new green leaves clothed the bare limbs shielding new bird nests from inquisitive eyes. The new tender grass caressed the belly of a not yet wide-awake woodchuck who stood to survey his domain. The new grass stands as an invitation to both the mouse and the steep-diving hawk. Late spring by the calendar, or green-up time has arrived. The transition from winter is not yet complete as the maple and poplar leaves are not full size yet and the oak have not made up their minds yet as to the safety of leafing out. The bracken fern is still in the edible fiddlehead stage and those flowers which grow in the forest shade seem to be in a frenzy to bloom before the leaves on the trees shut out the sun. This time of soft yellowish-green overhead and beneath one's feet does not last long. Rejoice in the renewal of the life all around you. Take just a moment to really see how nervous a young squirrel is or how delicate a hummingbird looks or how yellow a dandelion is. This is the shortest, most-fleeting season of the whole year.

Open House Sunday, June 26th, at 11 a.m. til 6 p.m., 4900 Helen Drive, East Branch Estates off Roberts Road, Century 21.

A merchant is responsible for his goods, and assumes the risk of loss until the buyer receives the merchandise, unless there has been a prior agreement to the contrary.

Fireworks

(Continued from Page 1)

level and use by the general consuming public are restricted to the following:

Toy paper, caps, wire sparklers, (size No. 14 or less), flitter sparklers, toy snakes, toy smoke devices, toy trick noise makers, cone fountains, and cylinder fountains.

Fireworks devices, other than those noted, are illegal for sale and use unless proper permits are obtained from the local governing body. Fireworks devices which send a projectile into the air, spin, twirl, or emit an audible signal (excluding toy paper cups and toy trick noise makers) are illegal. Local authorities should be contacted to determine if there are ordinances which are more restrictive.

It is suggested that when using fireworks, the following safety precautions be followed:

Make sure that the fireworks devices are legal for use by local ordinances and state law.

Check for a manufacturer's label on all fireworks devices and instructions for proper use - illegally manufactured fireworks rarely have either.

Carefully follow the instructions for use.

Provide adult supervision for children and do not allow very young children to handle fireworks.

Light only one device at a time.

Ignite fireworks only outdoors and away from buildings and combustible materials.

Do not attempt to alter the device or use in a manner not intended.

In Michigan during 1982 there were 219 reported fires caused by fireworks which resulted in property loss of approximately \$142,461. According to the U.S. Consumer Product Safety Commission, during 1982 there were 8,500 fireworks-related injuries treated at hospital emergency rooms throughout the nation.

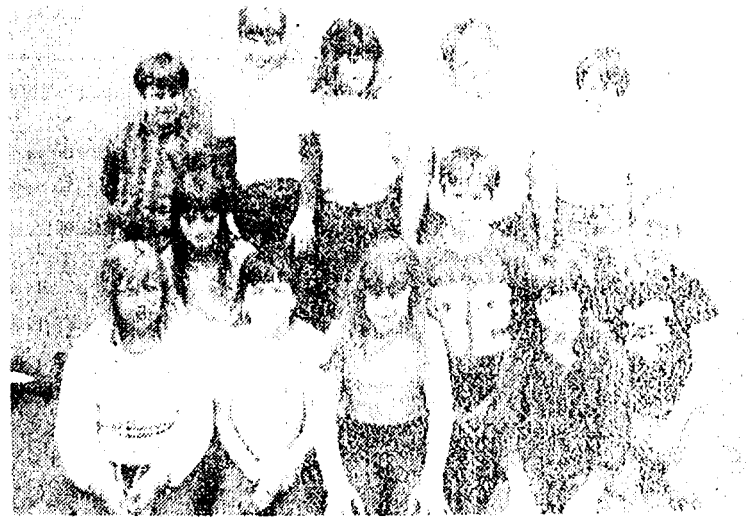

Safety

(Continued from Page 1)

using the new, easy-lighting brands of charcoal, getting the briquettes started can be a frustrating task. Don't give in to the temptation to use gasoline, alcohol, or other highly volatile fluid to ignite the charcoal. A flash fire could ignite a lot more than just the charcoal. Use only commercially prepared starter fluid and follow the manufacturer's instructions.

Once you have the grill going, don't try to help the coals along by adding fluid. Again, an explosion or flash fire could occur. If a flare up should occur, don't try to put it out by spraying water on it. Hot ashes could be spread to other flammable materials. The best way to extinguish a flare up is to smother the fire by putting the grill lid on the barbeque. Be sure to avoid wearing garments with long flowing sleeves or clothing with fringe and other trim that could easily ignite. Use only long wood-handled forks, spatulas, or tongs designed especially for barbequing when testing or turning food. And, keep hot pads or mitts handy when removing food from the grill.

Enjoy one of summer's favorite pastimes, but enjoy it safely. This message has been presented as a public service by the safety office of Mercy Hospital.

New Environmental Protection Department Recommended

Warren M. Hoyt, Executive Director, MPA

A new state department that would coordinate environmental protection programs that deal directly with human or animal health should be created, a report by the Toxic Substance Commission has recommended.

At the same time the commission recommended that it remain a separate oversight agency and further called for improved and increased financing for environmental protection functions.

Such a new department would bring the number to 20 - the maximum number allowed under the state constitution - in state government.

A new department is needed, the report stated, to "maximize productivity of the great protection effort" already underway in three departments, Natural Resources, Public Health and Agriculture.

Currently, "existing Michigan departments have not placed the emphasis on environmental protection/environmental health protection," the report said.

In the DNR's total budget, only 29 percent goes for environmental protection, while 5 percent of Public Health's budget and 31 percent of Agriculture's budgets go for environmental and environmental health programs.

Programs that could be consolidated into one department should be those that deal specifically with the health of humans, animals and plant life, especially through "exposure to adverse concentrations of chemicals through exposure routes of air, groundwater or surface water, direct contact or food."

According to the report, some environmental activities that do not have direct bearing on health could be kept in their current depart-

ments, such as the Great Lakes shorelands program in the DNR's Land Resources Division.

The report also recommended that programs that either had "long standing...good statutory authority," or were strongly integrated with local programs, should remain in their current departments, such as the soil conservation programs in Agriculture and Local Health Services in Public Health.

Among the programs the report recommends be moved either totally or partially into a new department are the air and water quality divisions of the DNR along with the hydrogeology division of the department's geological survey division.

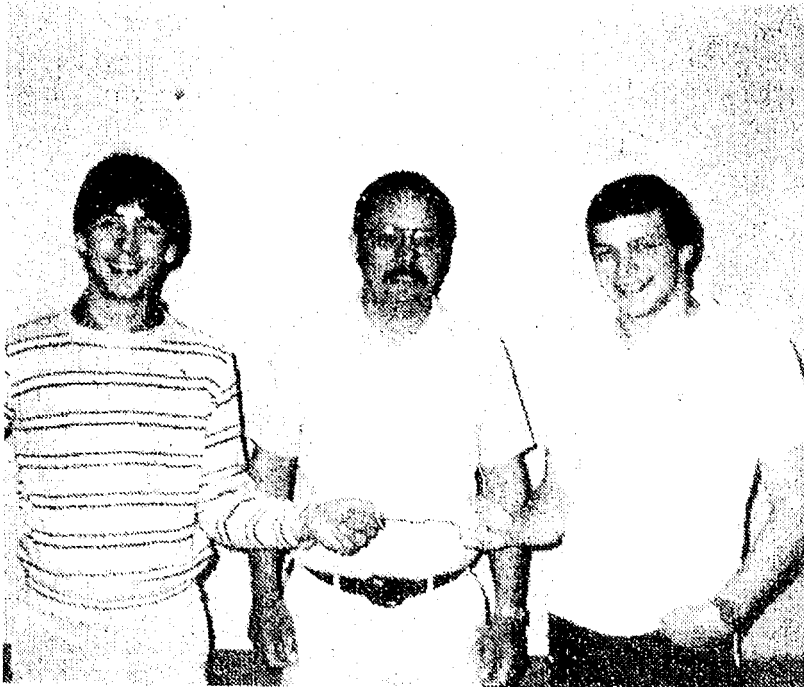

From Public Health, the report recommends moving the water supply services division of the environmental and occupational health services administration and from Agriculture, the report recommends moving the pesticide enforcement program.

Even though creating a new department would create some departmental efficiencies, the report strongly recommended against further cuts in funding for environmental protection.

Consolidating the programs will also require proper staffing "to provide fresh ideas and fresh policy to guide the programs," the report said.

Finally, the report recommended that the Toxic Substance Control Commission maintain its independent oversight role.

"It will be of special importance to maintain a strong commission and staff to review implementation of these recommendations and to maintain special emergency powers," the report concluded.

Par For The Course

The newest member of the Grayling Country Club staff who has been on the scene for about a month is our greenkeeper, Bill Post. Post is a graduate of Michigan State's turf management program in 1971 and a graduate of Delta College's business management course in 1981. Serving in the Air Force after college he was employed first at the Bay County Golf Course and then at the Saginaw Country Club. He left the turf program and was selling insurance and now has returned to the Turf program. He is very happy in the north country having grown up in northern Wisconsin and would very much like to settle somewhere in northern Michigan. His wife, a math and science teacher, is presently employed for the summer in Essexville teaching a computer program and is not able to join him at this time. Welcome to our country, Bill!

In regular play on Wednesday, June 15, the Purple team of Mary Jane Knibbs, Evelyn Kent, Lucille Smith, Thelma Bateman, Carolyn DiPonio and Barb Nielson came in with high points.

Jean Raab and Martha Nowak won for having the card with the most holes of eight, while Ruth Nielson and Mickey Perez chipped in on holes No. 1 and 3, respectively.

Luncheon of stuffed tomato salad was enjoyed by the women following golf. A short business meeting was conducted by president Donna Pottorff and committee meetings were held making plans for Gaylord Day.

In regular play on Monday night, June 20, the golf prize winners were Jean Raab, Nancy Hoffman, Charlotte Sullivan, Donna Pottorff, Gloria Nielson, Peg Carlisle, and Phyllis Scheer while Marian Warner was the recipient of Ricki Stahl's most improved ringer score prize. The club served the women a fruit salad and cake for their evening meal.

On June 28 in regular play it will be "irons only" night.

Chamber Chatter

By Joyce Kolka

A big weekend is coming up on June 25-26 for the archers as the state archery tournament will be held at Hanson Hills. The first shooters will zero in at 8 a.m. each morning with competition lasting until 1 p.m. On Saturday, a professional match will be held about 6 p.m. A dance and party at the Grayling Archery Clubhouse will round out the Saturday evening program. Between 350 and 400 competitors are expected for the two day shoot and it is planned that the world famous and locally loved Fred Bear will be in attendance.

As the time gets closer for the Milltown Festival more and more details are being released. At the committee meeting last week, it was announced that a miniature train will be participating in the parade on August 6th. It was agreed that the Costume Parade Walk participants will assemble in the County Building parking lot and move on the sidewalk along Michigan Avenue to Maple Street and from there to Madsen Street, left on Madsen to Lawndale Street to the Ice Cream Social and Square Dance to be held at the Senior Citizens Center.

For the Children's Day on Wednesday, August 3rd, Clown Faces will be painted from 10 a.m. until 12 Noon. The Children's Parade will begin at 1:30 p.m. with kid's contests and games beginning at 2 p.m. There will be an all day 4-H Recognition Display at the Mini-Mall. Lunches will be available at the City Park sponsored by Sibs for Kids and Youth Services.

Recognition is already coming to Weaver's Gift Shop on their store remodeling. A manager of a major resort in the north country has stated that he will reroute bus tours to Hartwick Pines so that his guests can stop and see the unique designs.

The Military Receptions for the Indiana National Guard were a great success. One guardsman from a unit in Missouri stated that he had been with the guard for 30 years and had never experienced a community reception and he thought it was wonderful.

The Indiana Guard reciprocated by holding a Civic Day on Thursday, June 16th. They invited community leaders and many citizens to a lunch with Maj. Gen. John J. Dillon, Commanding Officer for the 30th Inf. Div. and many officers. After the delicious luncheon, the group was taken by bus to witness some of the units and equipment. It was a very informative and lovely day. Thank you Indiana for your kind hospitality.

A reminder once again that the Grayling Youth Booster Club needs those donations to continue the finest fireworks display in the north country during the Fourth of July holidays. Those folks give generously of their time to help the young, and for this event, entertain young and old alike.

The fireworks like everything else increase in price every year and every dollar helps to defray that additional cost. Send your check to Harry Wolfenbarger, President, Grayling Youth Booster Club, Rt. 2, Box 2661, Grayling, Mich. The checks should be made out to the Grayling Youth Booster Club.

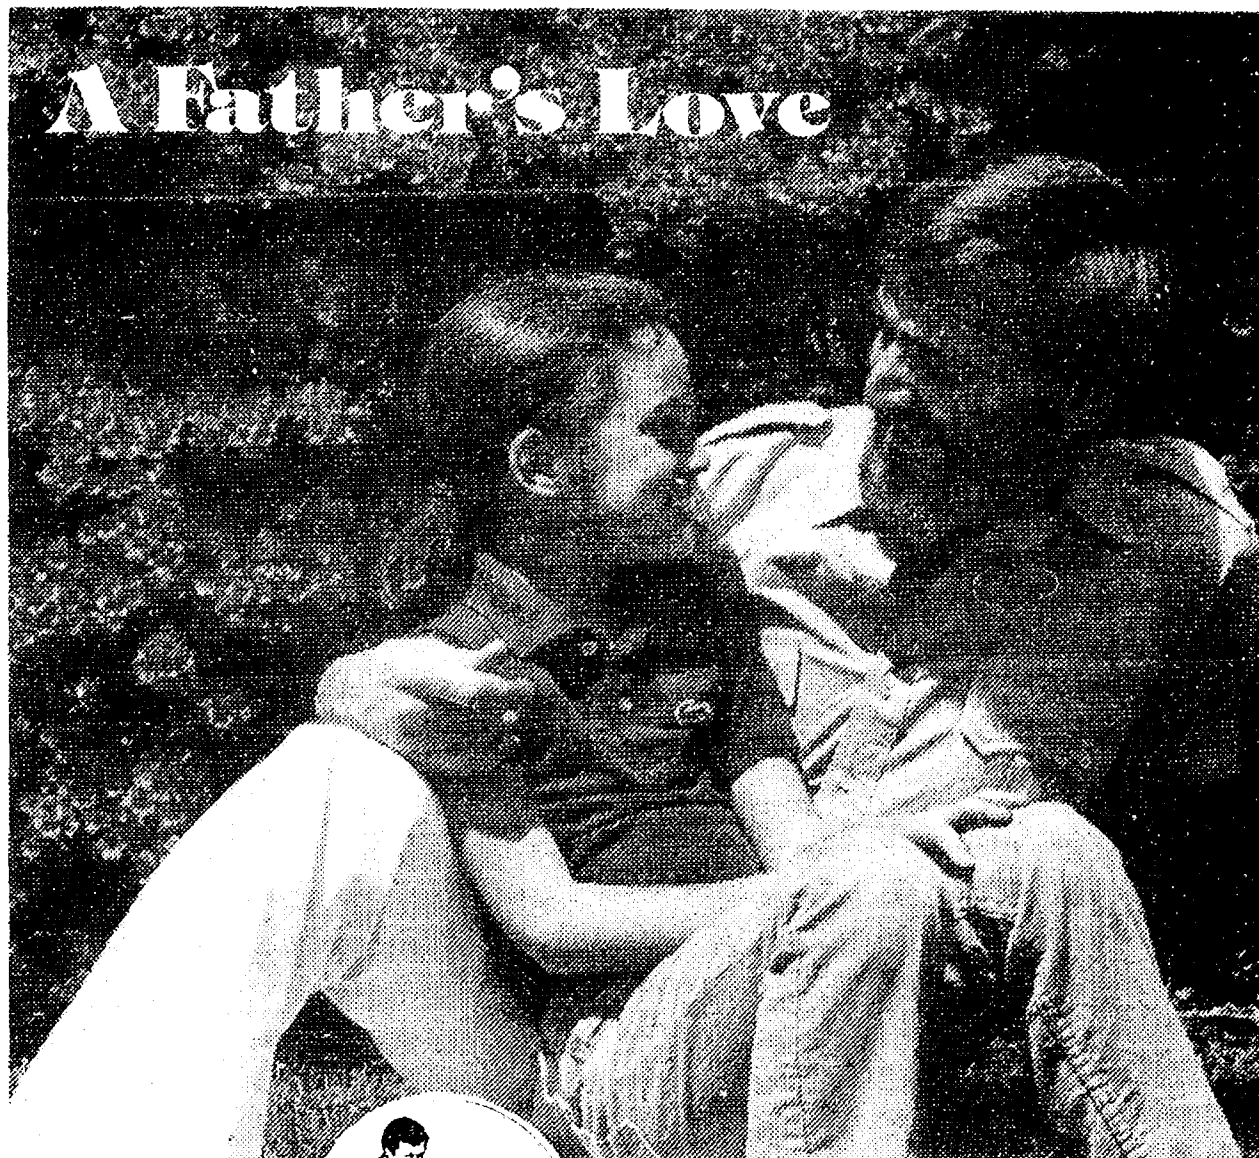

This week we salute the Retired Senior Volunteer Program, its very cooperative workers and Sherry Haag, Director and Gerry Yates, Assistant. The volunteers are most energetic and constantly give of their time helping other people in the county. Among the many posts that they assist are Hartwick Pines, Mercy Hospital, Senior Center and Community Services. A recent report about the helpers from the Grayling Fish Hatchery is that the volunteers working there are helping many visitors with places to go in the area.

From the Chamber's standpoint, Mrs. Doris Mild and Mrs. Virginia Partridge are working quite frequently this year in the office. They are very gracious to all of the visitors who ask for information and do a tremendous job in the many offices tasks. It is worth noting that these ladies are two of many who have helped the chamber from R.S.V.P. in the past.

The truth is, to get something done ask the RSV.P. To them the difficult can be done right away. The impossible takes a little longer. Thanks folks!

A hearty welcome to Triangle Motel as a new member to the Chamber. The Triangle, located on I-75 Business Loop North, is operated by Cathy and Bob Hickey. Welcome aboard Bob and Cathy!

A father's love is one of life's greatest joys. Though a son or daughter grows up all too quickly, there are wonderful memories of many good times spent together.

Fathers deserve a national day of honor. Look how much they do for their families. They leave home early each morning and come back late, often tired. Their toil in the work places of the world provides shelter, food, clothes, education and a great deal of happiness.

Above all, a real father gives of himself to those he loves through his understanding, kindness, guidance and encouragement.

Our Heavenly Father showed how much he cares for each of us by sending his own beloved son to lay down his life for us that we might have eternal life.

Find the strength for your life in the power of that divine love. Worship this week.

"No Prisoners Taken" In Guard-Locals Game

A first annual softball game, between the Indiana National Guard and "the locals", was played last Tuesday at Camp Grayling. No prisoners were taken. After the smoke cleared and casualties were carted away, it appeared that the locals had prevailed. This was due, no doubt, to the charitable mood of our military friends. The eminent Command Master Sergeant Ray Carrier, who arranged the contest in his ever efficient style, fielded a team of fine athletes, and true ladies and gentlemen. Sergeant Carrier's lovely wife, DeAnna, served as cheerleader and Greek chorus for both sides.

The struggle was intense, and not without its somber moments. One of these occurred when the windshield of a beautiful van, parked optimistically just beyond the outfield fence, was redecorated by a line drive. The owner stated that he considered the new arrangement a badge of honor.

Even more chilling is the probability that this game marked the end of one of the great careers of our era. Gerry Yates, still displaying flashes of that brilliance which has distinguished her play in the past, caught for the home team. With the valor and dedication for which she is justly famous, this campaigner turned in an amazing performance. Unbeknownst to her teammates, she played through the pain of a debilitating injury. Only when she had to be carried from the field did her admirers become aware of the handicap she had overcome. Medical science is even now considering whether she can be saved, or will have to be shot.

Refreshments were provided courtesy of the Northern National Bank, and through the good offices of the ever popular Jack Mead of Krumrei Beverages. The survivors look forward to next year's event.

McClelland, Alef, Phelps Win Awards

Eastern Michigan University's Office of Financial Aid has announced that 747 Michigan high school and community college students have been selected to receive the University's Recognition of Excellence Award for 1983-84.

Kris McClelland, of Frederic, Jennifer Alef, of Grayling, and Donna Phelps, of Grayling, were GHS winners of the Award.

Eastern's Recognition of Excellence Award is a \$1,000 annual award. Recipients must have a minimum of a 3.5 grade point average and demonstrated leadership ability.

FIRE SAFETY POSTER WINNER—Pictured is Rachel Anderson, Grayling first grader, who was chosen as first place winner in the fire safety poster coloring contest. The contest was part of the observation of National Fire Prevention Week, and was sponsored jointly by the Independent Insurance Agents of Northern Michigan and the Hartford Insurance Companies.

Rachel, who was a student in Mrs. Ingvarsson's class, was presented with a plaque by Mr. George Stancil of the Insurance Agents Association. Her poster was judged the best out of approximately 120 entrants.

"Blueprints For Family Living"

by Rev. Richard H. Wadsworth

Analyzing strife in the home is not an easy task. In my ministry I have done much counseling, particularly in the area of relationships within the home. I have found that there are no simple, ready answers that can be given that will smooth out every problem. Life being so complex and personalities being so different, every situation and problem must be individualized.

Even with this true, I have found one central theme in all problems. That theme is DESIRE. Think about it. What we desire we go after with all our effort. We invest time, money and other resources to get what we desire. Many people say that they desire to have happy homes, but are not willing to invest what it takes to have one.

Listen to what Jesus says. "Blessed are they which do hunger and thirst after righteousness: for they shall be filled" (Matthew 5:6). Jesus is talking about desire, and about being filled. He wants you to have good homes. He wants to fill your home with joy and happiness. Are you willing to invest in Christ to have a good home? If not you don't really DESIRE enough. Think about it!

The greenhouse will be stocked with annuals, perennials, hundreds of herbs, shrubs, vines, trees and bushes at a price that all can afford! All our shrubs in gallon pots will sell for \$2.50. Buy twelve and get one free.

Later on into the season, we will be selling farm produce by the bushel at a price to make it worth while to can and freeze.

2. Notice of Intent to request Michigan State Housing Development Authority to release Housing Urban Development Small Cities Housing Rehabilitation Funds

To All Interested Agencies, Groups and Persons:

The above named County proposed to request Michigan State Housing Development Authority to release Federal Funds under Title I of the Housing and Community Development Act of 1974 (PL-93-383) to be used for the following project:

County Wide Housing Rehabilitation

To rehabilitate housing in the Village of Frederic, Grayling Township, Grayling City, Beaver Creek Township, Frederic Township, Lovells Township, Maple Forest Township, South Branch Township, \$250,000.00.

The reasons for such decision not to prepare such Statement are as follows: The impact of the proposed project activities on the Environment is negligible and, where such impact exist, they are of a beneficial nature.

An Environmental Review Record respecting the within project has been made by the above named County which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. Old Business.

Representatives of the Crawford County Youth Services Bureau were present to discuss the Bureau's operation and to request funding. Mr. Wilson explained the program which is aimed at helping young people avoid delinquency. He requested discussions with the goal of contracting with the city to provide counselling services for young people who live in the city. Ms. Harned explained the services provided to Elementary School students who appear to need counselling. Mr. Golinick asked exactly what they were requesting. Mr. Wilson said they would need approximately \$2500.00 from the city to finish this fiscal year. Mr. Thompson thanked both Mr. Wilson and Ms. Harned for their time and information.

	1979	1981

2. Dale A. Peterson	805.00	1001.00
3. Jerry W. Morford	685.00	1015.00

The City Manager reported that Mr. Melvin Miner has requested to exercise his "right of first refusal" on Lot 13 of the Grayling Industrial Park. The price is \$3,000.00. Council agreed that we should hold the deed until the purchase price has been paid.

Mr. Larry Hunter of the Crawford County Equalization Department appeared to discuss the need for a tax rollback under the Truth in Taxation Statute. He noted that last week he had discovered that we were subject to a Base Tax Rate Reduction Fraction under 211.24e, the Truth in Taxation Statute. This is despite a loss in State Equalized Value. It requires a reduction to 12.73757 mills instead of the 13.0 Mills as set by Council at the last meeting. This is a reduction of approximately \$6,000.00 in taxes which is expected to be offset by an increase in interest income earned by an interest bearing checking account.

Motion by Golinick, supported by Sloan that motion 83-53 be amended to show a millage levy of 12.73757 for operations and .25 mills for debt retirement. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Strolling Around Town

To Grayling natives, the old Eggle Bugby candy store building was very attractively redone during the late winter. Besides the Bisque and Brush Ceramics, it also houses the Northern Monument Sales - a big improvement on Peninsular. Next to the Avalanche we find the Kozy Korner Bookstore, the interior of which has been remodeled. Dave Sabins are adding onto their home/business on Michigan Avenue. We've heard the offices will be moved to the ground floor. And on the county road much progress is being made on the new clinic.

It's sad to see some of the lovely old maple trees on Peninsular coming down, but time has taken its toll. Most of them must have been planted around the turn of the century and they have now matured and are rotting. However, many homeowners have been planting trees, both maples and ornamentals so the future generations can enjoy them. There were many flowering crab trees showing their colors this year with one of the most spectacular in the Earl Burns' yard on Spruce Street.

Having new streets and curbs seems to have been the catalyst in changing homeowners attitude about fixing up their yards; there are just so many now that it's difficult to name them all. One resident on Chestnut was seen leveling off his lawn curbside, even before the road crews are done!

Another bit of nostalgia - take a trip to the fish hatchery. I'd forgotten how exciting it was to feed the fish. Howard Hatfield seems to be right in his element overseeing the newest (or one of the oldest) tourist attractions.

AUSABLE RIVER BOAT PRINT DEDICATED — An Ogden Pleissner print of the famous AuSable River Boat was hung in the Crawford County Courthouse last week with County Commissioner Mary Harland accepting the gift from Mrs. Chris Everhardus and Benjamin F. Butts, George Mason Chapter President of Trout Unlimited. The beautiful print, displayed in the main lobby of the courthouse, was bought through the Chris Everhardus Memorial Fund. Also on hand for the dedication were Mr. and Mrs. Howard Fetters, David Lemmen, George Bentley, and Marion Wright.

Bits O'Talk

by Fay Bovee
Carole Hallett and her mother, Marguerite Bosley of Ionia visited Sherry Buron & her two children for 2 weeks in Alaska.

Mrs. Lovice Meier of Phoenix, Ariz., and Mrs. Eleanor Moots and Ivah Scott of Melford, Indiana visited Mrs. Arlene Williams last week.

Mr. and Mrs. Robert Kaufman & daughter Gina, of Santa Ana, Calif., visited his parents, Mr. and Mrs. Harold Kauffman last week.

The Lovells Home Extension Group entertains the residents of Timberview Village every Friday with a Bingo party. Last Friday, June 17, was a very special one when they brought a homemade pie party. The residents all enjoyed it very much and it helped to brighten their day. The women who furnished the delicious pies and came to play Bingo were Mildred Johnson, Carol Ralph, Margaret Miller and Lottie Harris.
